GREATLY IMPROVED.

Condition of Trade the Country Over.

R. G. DUN & COMPANY'S REPORT.

The Condition of Great Industries Has Distinctly Mended—More Works Have Resumed During the Past Week Than Have Stopped Operation—A Bright Prospect for the Future.

NEW YORK, Sept. 9.—R. G. Dunn & Company's weekly review of trade says: Improvement has extended from the banks to the mills. The condition of great industries has distinctly mended, though still seriously depressed. More important by far than any rise in stock is the fact that more mills have resumed during the past week than have stopped operation, so that the producing force of the country, after months of constant decline, has begun to increase.

Dispatches mention 28 textile and 30 metal works which have resumed, some only with part force, while 25 textile and nine iron works have stopped. It is expected that most of the Fall River mills will start soon, the hands assenting to reduced wages.

The money market is a more healthy one, the premium on currency has almost vanished, the embarrassments in domestic exchanges have well-nigh disappeared, and while very little money is yet available for commercial or industrial loans, there is some relief in that respect.

On Sept. 1 the output of iron furnaces in blast was only 85,510 tons

weekly against 107,042 Aug. 1, and 181,551 May 1, so that much less than half the producing forces was engaged, and yet the manufacturer was stagnant that unsold stocks of pig iron increased 22,000 tons a week in August. It is stated that further reduction in the output have been made since September began. The Thommas Iron Company has reduced its price for pig iron 50 cents, but some other concerns are selling standard No. 1 as low as \$14 per ton.

Soft steel has reached the lowest point on record—\$20—at Pittsburg, and substantially all railmills in the country are idle; but there is a somewhat better demand for hardware, wire rods, barbed wire, and contracts for architectural work and agricultural implements supplies are reported at Chicago.

Sales of wool have been the lowest on record for years—1,271,200 pounds at the principal markets for the last week, against 7,616,800 for the same week last year, the average of 104 grades being 17 cents, the lowest for many years; and in the manufacture it can hardly be said that recovery appears.

In cotton mills resumption of work is quite general, the paper business is doing better, the Troy paper and the Illinois glass works are starting and several shoe factories. But shipments of boots and shoes from Boston were again 32 per cent smaller for the week than last year, and in three months they have been about 800,000 against 1,050,000 cases last year.

Chicago receipts of cattle in August were 269,224 head against 318,551 last year, a decrease of over 15 per cent.

These evidences of the extent of depression are needed now, because they show why the sudden recovery, which some look for, is not possible. It must take time to revive business after such a shock as it has sustained, and there is no occasion for disheartenment if recovery is slow.

While money markets have greatly improved they are yet far from the normal condition, and the crops are in doubt. The prospects for corn have not improved, and the injury done by drought seems to insure a smaller yield than was expected. The price during the week has advanced fully one-half cent. Western receipts of wheat have also been only 3,373,857 bushels for the past week against 7,329,054 bushels last year, and as accounts of short crops abroad grow more definite the price here has been strengthened fully a cent.

Export for the week have been only 2,160,735 bushels against 2,473,753 for the same week last year.

Cotton has advanced to 8 cents, with assurance that a new treasury arrangement will facilitate the supplies of money for moving the crop. After touching 8 cents the price has fallen a sixteenth, and crop reports are still favorable on the whole in spite of damage by the storm in South Carolina.

That the volume of trade has been small of late, is not surprising. Exchanges through the principal clearing houses outside of New York, continue to show a large decrease in comparison with last year for the past week, 24.3 percent, although several banks which were forced to stop in July and August have resumed this week the numerous failures of two months have thrown into confusion the calculations of merchants and compelled them to curtail operations.

The monetary situation has changed but little, for there has been abundance of money, and only confidence in employing it is lacking. The Bank of England, contrary to expectations, declined to lower its rate this week, probably because the rapid advance in stocks threatens considerable drain of foreign capital. The stock market has been somewhat weaker during the latter part of the week, with considerable realization of profits, and more attention is paid to the railway earnings, which thus far show a decrease of 12.3 per cent for August. The average price of active stocks, rising \$8 per share on Tuesday, has gradually declined.

Failures for the week have been only 828 in number against 885 last week and 480 for the week previous, and 23 in Canada against 88 for the same week.

last year. While only large mortgage companies swell the aggregate of liabilities for the week, the average of other failures were lower than usual, 262 being for less than \$5,000 each, and only four for over \$100,000 each.

STILL TALKING.

The Silver Question the One Topic Discussed in the Senate.

WASHINGTON, Sept. 9.—Speeches from Democratic senators in the senate on the repeal bill were made by Mr. Faulkner of West Virginia, Mr. Turple of Indiana, and Mr. Jones of Nevada. All of them were in favor of the repeal of the Sherman act, but coupled with the condition that silver should be restored to the position which it occupied prior to the demonetization act of 1873.

After Mr. Jones, the last speaker, had taken his seat there was an awkward pause. No senator rose to continue the discussion although it had been arranged that Mr. Teller (Rep., Colo.) was to be the next speaker. Then a suggestion was made to proceed to executive business. Mr. Hale (Rep., Me.) made a short speech in which he suggested that Mr. Voorhees should not consent to so early an adjournment (it was then 3:40) but should require senators to go on with the discussion until a reasonable hour for adjournment.

This speech aroused the indignation of the senator from Indiana. He regarded it in the light of an impudent lecture and resented it in strong and incisive language. Mr. Hale protested that he had spoken only in the interest of Mr. Voorhees, whose fidelity and earnestness he recognized, and of the public. Senator Dubois (Ia.) and Senator Teller (Colo.) had also something to say, taking sides with Senator Voorhees, and against Mr. Hale. After that incident the senate proceeded to executive business, and at 4:30 adjourned.

Doings of Mexican Brigands.

DURANGO, Mex., Sept. 9.—Charles W. Mileham, a prominent English mining man of the state of Sonora, was attacked by a band of brigands about 100 miles south of here, while crossing the Sierra Madre mountains en route to this city from Mazatlan. The muzzo or servant of Mr. Mileham was killed, and Mr. Mileham was robbed of several hundred dollars, which he carried in a belt around his body. It is believed that the crime was committed by the same bandits that operated in the vicinity of this city a few months ago. A detachment of troops is in pursuit of the outlaws.

Fleidish Work of a Negro.

MOBILE, Sept. 9.—At midnight a negro burglar entered the residence of two widows, Mary Dugan and Mary Tackney, living in a thickly-settled portion of the city. He awoke one of the women and demanded money. The voices awoke the other woman, who tried to give the alarm. The burglar at once opened fire, mortally wounding Mrs. Tackney, and beat the other woman with his pistol and made his escape. Much excitement prevails, and great efforts are being made to arrest the burglar.

Mailwagon Robbed.

TERRE HAUTE, Ind., Sept. 9.—As Ray Dinkins, driver of the United States mailwagon, was returning to the post office, he was attacked by three men and robbed of the three mail pouches. The robbers jumped in front of the horses and leveled their pistols at the driver, compelling him to stop. They then tied his hands behind his back and put a mailbag over his head. The men drove to the outskirts of town and escaped, taking the mail pouches with them. No clew.

An Old Man's Long Walk.

CHICAGO, Sept. 9.—Ray Earle of New London, Conn., arrived in this city Thursday, having walked the entire distance from his home to Chicago in 41 days. Mr. Earle is 80 years of age, and is a well-to-do citizen of New London. He made the trip on a wager of \$100. He was to do the distance in 42 days and carry 15 pounds baggage. When he arrived he looked fit to undertake the return trip.

Long and Useful Career Ended.

NEW CASTLE, Ind., Sept. 9.—Hon. Benjamin Shirk died at his home here yesterday, aged 75 years. Mr. Shirk's career was a long and useful one. He had been a banker and politician, having been a member of the legislature, besides being clerk of the county courts for several terms.

Awaiting the Grand Jury.

MIDDLETOWN, N. Y., Sept. 9.—Mrs. Halliday, the woman charged with the murder of her husband, Paul Halliday, and the two McQuillan women from Newburg, at Burglary, was committed to the county jail at Monticello by Justice Thayer to await the action of the grand jury.

Sandbaggers' Doings.

CHICAGO, Sept. 9.—Two sandbaggers took \$8,000 from the counting room of the Pabst Brewing company's supply house at Desplaines and Indiana streets, having first made Cashier Robert H. Grusich insensible by a blow on the side of the head with a bludgeon. No clew to the robbers.

Weakened at the Last Moment.

CHATTANOOGA, Sept. 9.—Captain C. C. Hewitt, U. S. A., was ordered to jail by Judge Moon for contempt of court for refusing to deliver up a deserter under a writ of habeas corpus. At the jail door the captain weakened and surrendered the deserter.

A Village Destroyed by Fire.

CAYUCOS, Cal., Sept. 9.—This town was nearly wiped out by fire. Only two buildings were left standing in the business portion of the town. Cayucos has a population of 700. The losses are not yet estimated. Twenty business structures were destroyed.

SENT TO THE SENATE

The President Makes a Number of Appointments.

SOME OF GREAT IMPORTANCE.

Ex-Congressman Albert Willis of Kentucky Will Go to Hawaii in Place of Minister Blount—Minister Runyon Promoted—A Virginia Editor Gets His Reward.

WASHINGTON, Sept. 9.—The president sent the senate the following nominations:

Ex-Representative Albert S. Willis of Louisville to be envoy extraordinary and minister plenipotentiary to Hawaii to succeed Mr. Blount.

Theodore Runyon of New Jersey to be ambassador extraordinary and plenipotentiary of the United States to Germany.

Henry M. Smythe of Virginia to be minister resident and consul general of the United States to Hayti.

Ellis Mills of Virginia to be consul general of the United States to Honolulu.

William S. Carroll of Maryland to be consul general of the United States at Dresden.

To be consuls of the United States—George J. Willis of Georgia, at Port Stanley and St. Thomas, Canada; John R. Mobley of Texas, at Acapulco, Mex.; Henry R. D. MacIver of New York, at Denia, Spain; George Keenan of Wisconsin, at Kehl, Germany; Henry C. Astwood of New York, at Calais, France; Leopold Moore of New York, at St. Christopher, West Indies.

Hon. Albert Willis, whom the president designated to assume the responsible position of minister to the Hawaiian Islands, is an ex-member of congress. He is at present practicing law in Louisville, and is recognized as a leading member of the bar in that city. He is about 50 years old. His nomination is favorably received by the Kentucky delegation, though it is said they were not consulted as to his appointment.

Runyon's appointment is in the line of promotion. He was appointed minister to Germany during the recess and now becomes ambassador.

Mr. Smythe, who goes to Hayti as minister, is a newspaper man, editor of the Graham Headlight, about 45 years of age, and Congressman Marshall vouches for his democracy and ability.

BY SLENDER THREADS

Sometimes Hangs Political Success—Willis' Appointment.

WASHINGTON, Sept. 9.—The nomination of ex-Representative Willis to be minister to Hawaii revives an interesting story, showing upon what slender threads sometimes hangs political success. Mr. Willis was retired from political life as an outgrowth of an appointment made by President Cleveland during his first term. When Garfield was president he appointed Mrs. Thompson, widow of W. R. Thompson, and daughter of Rev. Alexander Campbell, founder of the Campbellite church, to be postmistress of Louisville. She was retained by the Arthur administration and when Mr. Cleveland came into power the question of the removal or retention of Mrs. Thompson came to the front in Kentucky politics as one of the burning questions of the hour. Representative Willis, backed by Senator Beck, favored the retention of Mrs. Thompson, and Senator Blackburn opposed it. This caused split in the party and the nominating campaign for the Fifty-first congress coming on, The Courier Journal took up Mr. Asher Caruth and supported him as its candidate in opposition to Mr. Willis, who was charged with not being consistent in his Democracy in supporting the widow of a Republican for preferment under a Democratic administration. This became the paramount issue in that district, and upon it Mr. Caruth came to congress, where he has since remained.

Biographical.

Albert S. Willis was born in Shelby county, Ky., Jan. 22, 1843. Afterwards he taught school and graduated at the Louisville law school in 1863. In 1870 he was elected attorney for Jefferson county, and was re-elected in 1874. His congressional career began in the Forty-fifth congress, and he served in the Forty-sixth, Forty-seventh, Forty-eighth and Forty-ninth Congresses.

Skull Fractured.

ANDERSON, Ind., Sept. 9.—James Conners, head roller of the American Roll mills of this city, was fatally injured in a runaway accident. His horse became frightened and Conners was thrown 30 feet, alighting on his head, which fractured the skull.

They Will Resume.

ANDERSON, Ind., Sept. 9.—The Anderson Iron and Bolt company will resume operations at their works here next week. It is given out on good authority that the Anderson flint bottle works will also start up next week.

Out of Prison.

COLUMBUS, O., Sept. 9.—Fred Bentz, five years for brutal assault, and Henry Burton, five years for burglary, both Cincinnati prisoners, were released from the state prison.

Thresher Boiler Explodes.

UNION CITY, Ind., Sept. 9.—A threshing boiler on the farm of one Limbert, near here, let go, killing Charles Limbert, the engineer, and badly injuring Al Sipe.

Took Carbolic Acid.

CHAGRIN FALLS, O., Sept. 9.—Mrs. A. March, a Warrensville citizen, committed suicide by taking carbolic acid.

Scared Burglars Away.

WOOSTER, O., Sept. 9.—Daniel Hoffman, 81, a retired drover, "stood off" three burglars who tried to enter his house to secure a large sum of money.

WANT ANOTHER CHANCE.

Some Chinese Are Now Anxious to Comply With the Geary Law.

LOS ANGELES, Sept. 9.—The following petition, signed by 123 Chinese residents, has been forwarded to Washington:

To the Senate and House of Representatives of the United States:

The undersigned citizens of China, and residents of Los Angeles, respectfully petition your honorable bodies to take action immediately by appropriate legislation to give your petitioners another opportunity to comply with the law requiring us to register as set forth in the act of congress, commonly known as the Geary act. Your petitioners would further say that they were led to believe and did believe that said Geary act was a violation of the treaty between China and the United States; that now the supreme court of the United States has rendered a final decision in the case, and your petitioners are ready and anxious to comply with all requirements of the laws of this nation.

More Arrests.

SAN FRANCISCO, Sept. 9.—Seven Chinese have been arrested under the Geary act. One hundred and seventy warrants have been issued for and will be issued as fast as the cases can be tried.

STRIKE BECOMING SERIOUS.

The Coal Industry of Indiana Being Greatly Hampered.

BRAZIL, Ind., Sept. 9.—The strike of the car repairers, car inspectors and shop men of the Chicago and Indiana Coal road at this place, is proving a most serious affair. About 600 cars stand in the yards here awaiting inspection and repairs, while almost every siding along the road is crowded with such cars. The strike is greatly hampering the coal industry, and unless it is soon stopped, many mines must be closed down, and several thousand men will be thrown out of employment.

A telegram was received here stating that General Superintendent Broughton was on his way to this city, and it was believed overtures would be made to the strikers. When the company's special car and officials arrived nothing was said to the striking men. The officials personally inspected about 50 cars, sent them out and left the city. The men are determined, and the end is not yet.

Bark Wrecked.

NEW YORK, Sept. 9.—The steamer Donna Maria, from Lisbon, brought the mate and seven men of the bark Tremont of Boston, which went ashore at Fayal during the cyclone of Aug. 28. The Donna Maria reports that great destruction was done by the storm throughout the western islands.

Dead Man Identified.

INDIANAPOLIS, Sept. 9.—The dead man found on Meridian street in this city, has been identified as Charles Petersen of 14th and Vine streets, Cincinnati. It is not certain that Petersen was murdered, and the police are of the opinion that he was robbed after having died from heart disease.

Murderer Executed.

VANDEN, Ark., Sept. 9.—Old Bill Smith, the negro who murdered Planter Pierce for his money near Bearden, last fall, was executed here yesterday. Smith confessed having been in the plot to murder Pierce, but denied that he was the direct murderer.

Killed in a Saloon Row.

HOPKINSVILLE, Ky., Sept. 9.—At Princeton, Page Stokes was killed by Thomas Bobbitt in a saloon row. Bobbitt fired indiscriminately into a crowd. Stokes fell dead, with a bullet through his heart. Bobbitt fled, and has not been captured.

Theatrical Manager Dead.

CHICAGO, Sept. 9.—Richard M. Hooley, the veteran theatrical manager, died yesterday at his residence in Delaware place. Mr. Hooley was over 70 years of age, and one of the best-known theatrical men in the United States.

Fatal Shooting Affray.

NASHVILLE, Sept. 9.—During a quarrel at Fairview, southwest Virginia, Mrs. Wilson Berry was shot fatally by a

THE Bank of England tries to clip the wings of American eagles, but they continue to fly across the Atlantic to their native land.—Boston Commercial Bulletin.

DR. McGILLEN says "Hell is a State." The Mankato, Wis., Free Press in commentary on the statement says: "Though not on the Congressional list, there are many people who will persist that it is well represented at Washington."

MR. HOKE Smith, since he has had charge of the Pension Department, has granted pensions to 51,271 Union veterans—under the general law 26,420 and under the act of 1890, 24,851. Hoke will do the fair thing by soldiers and this howl now going up against him comes from Republican politicians who imagine the old soldier is a sucker.

THE new issue of \$5 and \$10 bills on which the Bureau of Engraving and Printing is now at work will bear the impress of the Democratic administration. The bills will have the signature of a Democratic Treasurer and Register of the United States and will be graced with a handsome picture of the late Vice President Thomas A. Hendricks.

ALEXANDRIA GRAHAM BELL calculates that a mother, in talking to her infant, speaks 35,000 words a day, equal to about four hours of continuous talking, not one word of which the baby understands. This, if true, is the greatest argument for woman's election to Congress we have yet run across; nothing so completely fits one for Congress as the capacity for unending and unintelligible talk.

THE Georgetown (Ohio) News-Democrat says: "A soldier with both arms off above the elbows was a candidate for Commissioner before the recent Republican convention of Adams County. He was knocked out. It will now be in order for the Republican papers of Adams County to let up on Hoke Smith. Hoke, when he suspends a pensioner, gives him a show to re-instate himself. The Adams County Republicans, when they get a chance at a blue-coat cripple, give him no chance at all. That is the difference between the man from the South and those who profess to have a corner on the love and gratitude the people of this country have for its soldiers."

THERE was a great hurrah among the Republican tobacco dealers of the United States when the McKinley bill advanced the duties on leaf tobaccos from 75 cents and \$1 per pound to \$2 and \$2.75 per pound. The Bureau of Statistics of Foreign Trade for the last fiscal year show that this rejoicing was premature. In 1889 we imported tobacco to the extent of \$10,868,000. For the year ending June, this year, these importations amounted to \$20,327,000, or nearly double the value of such imports the year before the McKinley bill was enacted. Instead of prohibiting the McKinley bill seems to have encouraged the importation of foreign tobacco.

EX-CONGRESSMAN GEORGE WEST, of New York, is a red-hot Republican. In an interview just before sailing for Europe on a trip of recreation he said to the Commercial Advertiser, which is a rank Republican paper: "Here is a silver lining for you. My eight factories are all humming on full time and turning out 2,500,000 paper bags a day. All these bags are used to put something in. If people were not buying there would be no need for paper bags, and my factories would be closed. What we want now is to have confidence restored. Everybody can help in that direction by not talking hard times, by not writing hard times and by not howling hard times."

Newspapers Do the Work.

A neat illustration of the value of saucy advertising was given at the Portland Young Men's Christian Association meeting Sunday, when General Secretary McDonald stated that he had some curiosity to know what method of advertising reached the most people. He had circulated thousands of little dodgers, giving notice of the meeting, and he asked those who had seen them, and had been moved to come through that means, to rise. The hall was packed as full it could hold, and the entire number about fifteen arose. Then Mr. McDonald asked all who had read the notices in the newspapers, and been influenced by them, to rise, and the crowd rose in a body.—Exchange.

Colored Teachers.

The following are some questions put to applicants for certificates yesterday:

ARITHMETIC.

- Find G. C. D. and L. C. M. of 371 and 677.
- Find sum, difference, and product of 14% and 12%.
- Wheeling, W. Va., is in longitude 80° 42' west; the month of the Columbia river in longitude west. When it is 4 o'clock p. m. at Wheeling what is the time at the mouth of the Columbia river?
- How much will it cost to plaster the walls and ceiling of a room 20 feet long, 16 feet wide, 9 feet high, at 49 cents per square yard, allowing 100 square yards for windows and doors?
- Find the amount \$6.25 for 2 years, 7 months at 9 per cent.
- A commission merchant receives \$1,050 to invest in cloth at 50 cents per yard; how many yards can he buy after deducting 5 per cent. for commission?
- What will 18 acres and 40 square rods of land cost at \$70 per acre?
- A park 25 chains long and 23 chains wide has a walk running through corners diagonally. What is the length of the walk?
- Write the table for square measure.

GEOGRAPHY.

- Give two proofs that the earth is round.
- What causes day and night?
- Define Republic and Monarchy, and give an example of each.
- Men in six States that touch the Atlantic, and give the capitals of each.
- Bound Pennsylvania and Georgia and give their capitals.
- Name five large cities in Kentucky, telling in what part of the State they are situated; give the rivers that empty into the Ohio.
- Name the five great powers of Europe, giving capitals and one principal city of each.
- Give two mountain systems of Asia; two of its rivers, and three of its cities.
- Name the chief mineral, manufactured, and agricultural products of Kentucky.
- What are the chief products of the Northwestern States? The Southern? Brazil?

HISTORY.

- What section of the United States was first explored by the Spanish? By the French? By the English?
- Tell briefly of the settlement of Plymouth.

- What are the principal ways that impurities are removed from the system?
- What juices act upon the food in the intestines? and what changes do they produce?
- Make a diagram of the heart, naming its cavities.
- What is meant by assimilation?
- Give five rules for eating.
- Name two kinds of nerves and their functions.
- What is each of the following, and where found: Geophagus, Cornea, Dura Mater, Epiglottis?
- How may the diseases of the respiratory organs likely to be contracted in the school room be largely prevented?

Congressman Paynter.

A special from Washington says: "Paynter is likely to be classed as one of Holman's watch dogs of the Treasury. As soon as the report of the Committee on Accounts is read, recommending clerks for the committee, Paynter, the Kentucky member of that Committee, will spring up and enter a vehement kick in the ribs of Rush, Chairman of the Committee.

"His protest will come in the form of a minority report, which he will uphold with a speech. He argues that many of the committees only meet to elect a clerk who draws \$6 a day. He will bring out in sarcastic terms the facts that the Committee on Agriculture has made only one report in eight years and in that time has cost the Government \$7,200; that the Committee on the War Department only made two reports in eight years, the Navy Department only one in that time, the Post office two, the Justice only five, and so on through the list. Inasmuch as each Representative is allowed a private secretary, it is very probable that Paynter's protest will be effective, as many who did not get a Chairmanship will stand with him.

A Pension Ruling.

Commissioner Lochren, of the Pension Bureau, has issued an order withdrawing that of June 12, 1893, rating cases under the act of June 23, 1890. The order reads:

"Hereafter in affixing rates under this act the medical referee or the medical officer in the Board of Revision shall weigh each disability and determine the degree that each disability, disables the claimant from earning a support by manual labor and a rate corresponding to this degree shall be allowed. In cases in which the pensioner has reached the age of seventy-five his rate shall not be disturbed if he is receiving the maximum, and if he is not a pensioner, he shall receive the maximum for senility alone, if there are no special pensionable disabilities shown."

This order will benefit many claimants who have been denied ratings under the former practice. Under the new order the contributory causes of disability constituting ailment or physical incapacity to earn support by manual labor are taken into account.

Notice to Members of the Y. M. C. A.

All members of the Y. M. C. A. are asked to come to the men's meeting tomorrow afternoon at 3 o'clock. Urgent business must be transacted. Election of officers and other important matters which relate to the success of the Y. M. C. A. The men's meeting to-morrow will be conducted by Mr. James T. Kackley. Short talks, good music and a pleasant time. Strangers cordially invited.

Paw-Paw Beer.

A new beverage has been discovered and is manufactured at Higginsport on a small scale by a recent addition to that place from Pittsburg by the name of Johnson. The new drink is an intoxicant of the worst form, resembling somewhat absinthe. It is made from ripe paw-paws, and is called paw-paw beer. It improves with age and has to be a year old before it can be used.

The Modern Beauty.

Thrives on good food and sunshine, with plenty of exercise in the open air. Her form glows with health and her face blooms with its beauty. If her system needs the cleansing action of a laxative remedy, she uses the gentle and pleasant liquid laxative Syrup of Figs.

Fire at Shannon.

Mr. Henry Rees residence on Shannon burned at 3 o'clock this morning. Only a few pieces of furniture was saved. No particulars.

MISS FLORENCE SWING, a daughter of Judge Peter F. Swing of the Circuit Court, Batavia, O., and Mr. Hartwell Cabell, of the Cincinnati bar, and the organist and choirmaster at Christ Church, were married in Maysville December 19, 1892, by Judge Thomas R. Phister. They kept the marriage a secret, and it was revealed for the first time yesterday. Mr. and Mrs. Cabell have gone to Chicago, and their little masquerade has ended.

TAKE a leaf of a tree or shrub, place over it a piece of white linen soaked in spirits of niter, and insert between the leaves of a heavy book with a sheet of paper to receive the impression. Lay the book aside for a few days, and then examine. The leaf will be found devoid of color, which will have been transferred to the paper in all the original beauty of tint and outline of the leaf.

Before going to the World's Fair, call and get one of Ballenger's cards. By presenting it at the exhibit of one of the largest eastern manufacturers in Liberal Arts Building you will be presented with a handsome souvenir of the exposition.

The Covington correspondent of the Enquirer says George Hermann and Miss Grace Thesis, of Newport, were secretly married at Aberdeen a week ago Thursday, by Squire Beasley's successor. Must be a mistake. The late Squire Beasley hasn't any successor in the marriage business.

The Board of Trustees of Georgetown fixed the annual salaries of city officials as follows: Mayor \$100, Judge of the Police Court \$100, Clerk of Council \$250, Assessor \$100, Chief of Police \$800, Treasurer 2½ per cent. on all monies received by him, members of board \$2 for each meeting.

The directors of the First National Bank of Owensboro have decided to pay the bank's city taxes, amounting to over \$2,700 under the new revenue law. They do so under protest, expecting the city to refund should the courts decide in favor of the position generally held by the banks all over the State.

In a crowd of four young ladies the other day not one of them could tell which side of the jug the handle is on. After a wrestling with the problem for about an hour a little three-year-old boy came along and told them it was on the outside. It was about an hour before the girls recovered. Will Waldron can tell you who the girls were.—Aberdeen Journal.

MANN CAMPBELL, colored, living six miles from Frankfort, in the country, came to town frightened nearly to death with a notice he received last night warning him that unless he and his wife left the county at once they would be thrashed within an inch of their lives. He owns considerable property, but will probably leave. This is the first appearance of White caps in Franklin County in many years.

MR. ELASHA MORAN will have an examination trial before Squire Pickett, charged with cutting with intent to kill Constable McNutt. A few days ago the Constable summoned a jury in the case of Wm. Broshears against Elasha Moran, and the jury returned a verdict for plaintiff. Moran didn't like the jury that the Constable summoned, and meting McNutt on the pike a day or two afterwards hot words passed, and he slashed McNutt with a knife.

GEORGE B. McCLELLAN, son of the General, says he has heard of enough buttons that came off the coat his father wore at Antietam to dam the North river. The last was said to be a contribution to casting of the Columbian liberty bell. Mr. McClellan says the coat has never lost a button and that it is now in his possession. It has attached to it a card in General McClellan's handwriting bearing the words: "This is the coat I wore at Antietam."

In an Ohio town recently a member of one of the Young People's Christian Endeavor Societies, a young man who was very backward made a laughable appeal. The society had just been bereft of a hard-working president, and a new one elected. When called upon to offer prayer the young man responded with the following: "Lord, we thank thee that thou hast given us a new President." Here he hesitated and the unintentional reflection upon the retiring officer caused a ripple of amusement, despite the solemnity of the occasion.

THE Georgetown (Ohio) News Democrat says: "Mr. John T. Carnehan, of Maysville, who has been engaged in frescoing the interior of the auditorium of the Methodist Church, in this place, completed his task last week and has gone home. The job is a splendid one and is the admiration of all who inspected it and proves that Mr. Carnehan is a master workman in his line. He also engages in the other branches of house painting and invites all who may have work in his line to give him a call, either personally or by correspondence. If you desire to see what he can do just drop in and inspect the M. E. Church job and you will have no hesitancy in giving him a contract."

AN ARKANSAS editor puts it thus: You may have all the stars in a nail keg, hang the ocean on a rail to dry, put the sky in a gourd to soak, unbuckle the belly-band of eternity and let out the sun and moon, but never delude yourself with the idea that you can escape that place on the other side of purgatory unless you pay the printer.

A TEXAS man was sitting in a dark room recently when he was attracted by the buzzing of a gold colored bug. Taking the appearance of the bug as a favorable omen, he followed it. It stopped directly over an old well in a deserted field; then the man went to digging and presently discovered a number of gold dollars and some few silver coins.

THE USUAL 10:30 a.m. and 7:15 p.m. service at the Christian Church on Sunday, Y. P. S. C. E. at 6:30 p.m. Morning, "The Board of Perfectness." At night, "The Symbolism of Light." We are passing into a new era. "Behold I make all things new." Institutions must serve man, or they must be removed as obstructions in the stream of progress.

IT IS often a difficult task, but the man who learns to live within his income learns a valuable lesson, and lays the foundation for future prosperity. The sensitive man who is harassed by debt knows nothing of contentment of mind, without which life has but little pleasure. Pay as you go is a good motto. If you don't pay, don't go is just as good a one. Both are worthy of being cut out and pasted in every day hat.

THE SUBJECTS for services at the M. E. Church to-morrow are as follows: 10:30 a.m., "God's Care Over Us"; 7:30 p.m., "Faithfulness." Epworth League at 6:45 p.m., Topic, "The Things That Move Men." P. Holt, Pastor.

MAJOR THOMAS H. SHELBY, of Lexington, recently appointed Collector of Internal Revenue for the Seventh district, has arrived in Washington City and is stopping at the Riggs House. The Major comes to have a talk with Commissioner Miller on official business. He called on Representative Breckinridge last evening. As soon as the Major is confirmed and his bond is filled he will begin the good work of taking care of the boys in the trenches. The Lexington office is in condition to be transferred at any moment, and the boys are waiting for pie.

NOW THAT THE CITY COUNCIL has permitted the people to choose all the city officers it behooves our citizens to see to it that none but capable men are chosen. The welfare of the city for several years will be in the hands of persons voted for in November, and the successful candidates should be honest as well as capable. Maysville has lots of suitable material to select from, and if the best don't come out let your ballots make the office seek the man. Announcements will follow quickly now, and the voter should glance over the list and pick out the best. Don't pledge your vote too hastily.

G. A. R. ORDERS:
The New Commander Announces His
Staff Officers.

INDIANAPOLIS, Sept. 9.—The city has about assumed her natural proportions, and but for the few stragglers and the decorations which still remain, there is no indication of the vast army that has just departed. Both national chief officers have issued their first official orders. Before starting for Chicago, Commander-in-chief Adams gave out Order No. 1, which is as follows:

HEADQUARTERS
GRAND ARMY OF THE REPUBLIC.
INDIANAPOLIS, Ind., Sept. 7.
(General Order No. 1.)

Having been elected commander-in-chief of the Grand Army of the Republic at the 27th national encampment, I hereby assume the duties of the high office with profound regard of its responsibility. The following appointments are hereby announced: Comrade James F. Meech, Lynn, Mass., adjutant general; Comrade Louis Wagner, Philadelphia, quartermaster general.

They will be obeyed and respected accordingly. Headquarters are hereby established at Lynn, Mass.

JOHN G. B. ADAMS,
Commander-in-Chief.

The following order was issued by Sarah C. Mink, national president W. R. C.:

HEADQUARTERS WOMAN'S RELIEF CORPS,
AUXILIARY TO THE G. A. R.,
INDIANAPOLIS, Ind., Sept. 8.
(General Order No. 1.)

Having been intrusted with the grave responsibilities of the office of national president for the ensuing year, I hereby assume command. The following appointments are hereby announced: Mrs. Sarah E. Phillips, Syracuse, N. Y., secretary; Mrs. Mary E. Baneroff, Columbus, O., national inspector; Mrs. Elizabeth D'Arcy Kinne, San Francisco, Cal., counselor. Headquarters are hereby established at Syracuse, N. Y.

SARAH C. MINK,
National President.

BETTER TIMES

Indicated By Increased Travel on the Railroads.

NEW YORK, Sept. 9.—George H. Daniels, the general passenger agent of the New York Central railroad, came home from Chicago on Tuesday last on the Exposition Flyer. He says that train and the other fast trains now running between New York and Chicago are not only facilitating but stimulating business between the two cities. Business men can leave either city in the afternoon, reach the other end of the route the next morning, have several hours in which to transact business and be back in their respective cities on the following morning. This means practically one night's trip between New York and Chicago. "We feel greatly encouraged as to our general passenger business," said Mr. Daniels. "Its steady improvement within the past few days is indicative of a better feeling among the people. The general condition of business appears to be much improved."

"Travel is a luxury with most people, and when they travel a great deal, as they are doing now, it is surely a sign of better times. Our Chicago business is increasing right along. The half rate excursion trains, which at first ran rather light, are now carrying a large number of passengers. The excursion train that left the Grand Central station last Tuesday, forenoon, carried 900 passengers out of this state to the world's fair. Our first half rate excursion train landed but little over 400 persons in Chicago. The Exposition Flyer and our regular first class trains to Chicago are now doing very heavy business and I think the increase in railway travel is general."

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation.

It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

Complete
Manhood
and how to attain it.

At last a medical work that tells the causes, describes the effects, hints the remedy. This is scientifically the most valuable, artistically the most beautiful, medical book that has appeared for years; 96 pages, every page bearing a half-tone illustration in tint. Some of the subjects treated are Nervous Debility, Impotency, Sterility, Development, Varicose, The Husband, Those intending Marriage, etc. Every man who would know the grand truths, the plain facts, the old secrets, and the new discoveries of medical science, applied to man's life, who would avoid for pain follies and avoid future pitfalls, should write for this wonderful little book. It will be sent free, under seal. Address the publishers,
